4. Howard Osborn reports that there has been a switch of signals and Security doesn't intend to give a polygraph examination to [REDACTED] now. Reason is that Bud Wheelon has no current or projected need for [REDACTED] as a consultant. Nothing further will be done unless you or DCI direct.

7. Larry Houston talked with Allen Dulles last night. Dulles was quite happy about the tone and content of Truman's letter. According to Dulles' current plans, he will be seeing Truman in Independence sometime in early February, probably the 4th or 5th. I suggest that you get in touch with Dulles and concert actions. I think it would be worthwhile for you to join with Dulles for this session with Truman.
